

Upload your own learning scenarios

1.

Visit the
Community

2.

Click
“Learning Scenarios”

The screenshot shows a grid of 12 learning scenario cards. Each card has a small thumbnail image, a title, and a brief description. A red circle highlights the first card in the top row, which has a yellow and orange icon and the title "Simplifying fractions".

5.

Use the Tool to author
your learning scenario

The screenshot shows the "Create New Scenario" interface. It includes fields for "Title", "Description", "Learning Objectives", and "Content". Below these are sections for "Resources" and "Activities". At the bottom, there are buttons for "Save" and "Cancel".

3.

3.

Select
“Select ODS
Authoring Tool”

The screenshot shows a list of available ODS Authoring Tools. One item is highlighted in blue: "OpenOffice.org Calc Scenario". Other items include "Microsoft Word Scenario", "OpenOffice.org Writer Scenario", and "OpenOffice.org Impress Scenario".

The Scenarios & Lesson Plans authoring Tool (cont.)

Define the Phases and Activities

The screenshot shows the 'Activities' tab of the lesson planning interface. At the top, there are tabs for 'List the learning activities' and 'Add Phase here'. Below these are sections for 'Phase 1' and 'Phase 2'. Each phase has fields for 'Title in English' (e.g., 'Getting know'), 'Description in English' (e.g., 'Self-Study Description in English'), and 'English' (e.g., 'Falling north using the Big Dipper'). A red arrow points from the text 'Add Phase here' to the 'Add Phase' button in the 'Phase 2' section. Another red arrow points from the text 'Add Activity here' to the 'Add activity' button in the 'Phase 2' section. A blue box highlights the 'Save & Edit Phases / Activities' button at the bottom right.
